## Important changes to our Privacy Policy

We've made some changes to our Privacy Policy. As part of our ongoing commitment to data transparency and protection, we have included changes in support of the upcoming General Data Protection Regulation (GDPR)

### Here's a quick summary of what's new:

**Improved clarity and transparency.** Our privacy policy is now shorter and easier to navigate, making it easier to see how we use your personal data.

**Storage and accuracy.** We outline how your data is stored and how we aim to ensure we're retaining accurate data.

**Greater control.** We've added detail around your privacy rights, and how you can access the data we hold.

Keeping your data safe and increasing transparency means a lot to us, and we're committed to these changes. The new GDPR law goes into effect of 25 May 2018 and we hope you will see benefits from this added privacy protection.
